-----  
Evansville College is located at 1800 Lincoln Avenue, in the eastern residen-  
tial area of Evansville, on State Highway 66, about 8 blocks east of Highway 41.  
Persons driving from the north are advised to stick closely to Highway 41 until  
Highway 66 leaves it eastbound on Lincoln Avenue. Highways 41 and 66 run along  
together for a few blocks.

There will be a science fair in progress on the campus. The Clifford Memorial  
Library is the new building just east of the Administration Building. It will  
have been dedicated March 19th, and will be open for our inspection, with guided  
tours available.

Southern Indiana in early April will be much more Spring-like than any other  
part of the state, and the long drive from distant places will be scenically  
rewarding. We recommend that persons coming from farther than a three-hour drive  
make the trip on Friday afternoon. There are many attractive, comfortable and  
moderately priced motels both inside and outside the city, especially along Highway  
41. Those coming by train or bus are recommended to the Vendome Hotel, 3rd and  
Sycamore Streets, or the McCurdy Hotel, 1st and Locust Streets. A phone call to  
the College, Greenleaf 6-1341, between 8 and 8:30 a.m. will fetch a free ride to  
the College from any hotel or lodging place.

Please encourage students to come too. Thanks for using the enclosed reply  
card. Please indicate corrections of address, suggestions for future programs, and  
proposals for prospective members.
